**Counseling Center for Students at the University of Athens: Function, Services and Activities**

**The Peer Counseling Centre of the Department of Early Childhood Education at the University of Athens : An overview of 16 years of experience**

**Accessibility Unit for Students with Disabilities: mission, services and the 3-year experience from the psychological counseling service**

It is intended that participants will:

- Develop an increased awareness of the range of services, therapeutic tools and activities that are employed in the field of psychological counseling
- Share experiences, ideas and thoughts on student psychological counseling and discuss new activities and approaches that broaden the spectrum of counseling and better correspond to the changing needs of the students
